HABEGGER versus Corona

Thun, October 2020

Dear Customer, Partner and Supplier

The Covid-19 continues to be challenging. The rising number of new infections and the measures prescribed by the authorities also influence our company and our behavior.

Our most important concern is that we protect our employees, their families and the risk groups. We maintain the safety margin between employees. We implement hygiene measures of the FOPH.

Our company runs in the normal course of business. Our entire supply chains are currently secured. Products and services are available without any restrictions.

From October 12, 2020, we have a face mask compulsory while collecting and delivery goods and visiting our company.

The requirements for precautionary measures of the Federal Office of Public Health FOPH must be observed!

We are available for you as follows:

Phone +41 (0) 33 225 44 44 oder +41 (0)79 311 07 80
E-Mail info@habegger-hit.ch

We wish you all the best und best health.

Your HABEGGER Team
